

# Fund Accounting Made Easy with Intacct

[www.ERP4Nonprofits.com](http://www.ERP4Nonprofits.com)

Intacct helps nonprofits automate and streamline financial functions. Learn how Intacct can help you to:

### Multi-Entity Management

Gain financial consolidations, detailed information of funds and customized reporting.

### Dashboards and Reporting

Nonprofits can see customizable KPIs like Program Efficiency, Fundraising Expenses, Grant Revenue and more.

### Dimensional Chart of Accounts

Easily track details such as grants, programs, projects, timeframe, funding source, restriction and more.

### Workflow

Nonprofits can cut down the time it takes to manage fund accounting by as much as 90% , and improve financial productivity by 25% or more.
